Useful Tools

As I set up my business, I come across tools I find useful. Perhaps you are looking for things like this as well.

- [Free Conference Call](#): Does exactly what it says. You set up an account on the Website and can then do conference calls for free. Pretty nice.
- [Dokuwiki Wiki system](#): I like the idea of a place where I can store information that is beyond a file service (hint to Dropbox et al - offer this type of application to put structure around files 😊). This is a personal place to capture “stuff”. This page you are looking at is part of my wiki.
- [Wordpress blogging platform](#): Pretty much “the” blogging platform. Site I have is [HansSamios.com](#) which is occasionally updated.
